

## online starter pack

You've started your own business ... you have a new logo, a place to work from and a telephone (and perhaps one or two other items!). Now you need an 'online presence' which basically means an email address and a simple website ... think of it as an online business card!

For many new business owners the terms *domain name*, *hosting*, and *ISPs* are all part of a foreign language. So we do all the hard work for you ... the online starter pack takes the guess work out of setting up your online presence.

If you already have a website under construction, the online starter pack is also a great way to get up and running quickly so you can start building your marketing database.

### ... what you get

- ... domain name search and registration\*
- ... email and website hosting\*
- ... temporary website (including form to collect data)
- ... email marketing platform and online reporting facility

*\*registration and hosting for 2 years*

### ... what it costs

- ... online starter pack \$800.00 + gst

*the fee includes registration and hosting for up to 2 years. registration renewal and hosting fees beyond 2 years will be charged direct to the client as required.*
